

**Educational Provider Listing**  
*(For guardians, fiduciaries, conservators,  
 and others in the profession)*

The Center for Guardianship Certification (CGC) receives requests from applicants and certificants asking where they can obtain education and CEUs related to the profession. In order to provide those individuals with a user-friendly opportunity to peruse these opportunities, CGC has created an educational provider listing. This listing provides a link to the organizations and entities that offer education to the guardian, fiduciary, conservator and related professions. These organizations' educational opportunities may or may not qualify for CGC CEUs and we encourage anyone looking to obtain CEUs to first review the CGC core competencies to determine if the education provided is addressing those competencies.

Being listed does not allow the organization to promote that their educational offerings are CGC approved, endorsed or that CGC will provide CEUs to those events. If an organization would like pre-approval for CGC CEUs, the CEU pre-approval form can be utilized for that purpose.

If your organization is interested in being listed as an educational provider on CGC's website, please complete the following information and remit it, with payment, to CGC. Your link will be placed on the website in the calendar year it was submitted.

Organization Name: \_\_\_\_\_

Website url for link: \_\_\_\_\_

Your name and Title: \_\_\_\_\_

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

Fees: There is a non-refundable fee for submission of the application. The fee for NGA state affiliates is \$120.00 while the fee for all other organizations is \$250.00
